

Explore Green Symbols in Urban Green Spaces through photographs, maps, and more. Concepts in this book are organized into a framework that helps create an understanding of green symbols, while being an example for other urban green spaces. The examples in this book are from Discovery Green Park located in downtown Houston Texas. Green symbol representations can range from public green objects (for example, solar panels) to community educational programs. Photos represent interactions of individuals, organizations, society, and culture that impact or are impacted by the environment. The book has over 30 non-color, personal size photos, maps, and tables and can be used as a professional or educational reference or for personal interest.
