

In Part II of the No Road Home series, Addanen begins her newfound journey with optimism, but runs headlong into a world embroiled with tradition and distrust. She soon discovers the hidden truth of freedom in the prophesies of the man at the well, as she fights to keep hope alive in a terrifying race to save her friends from disaster. Old alliances refuse to release their bonds, and she is thrust into an epic battle between her past that won't let go, and a future that seems elusive and yet oddly inevitable. Friends that once appeared so close begin their own journeys, but all seem to be drawn to the silent beat of a drum that is called Jerusalem.
