

The first detailed study of one of the swing eras most important bands and the first biography of its leader, Jimmie Lunceford. This is a most welcome and significant contribution to the literature of jazz, to our understanding of a vital period in jazz history, and to the music of an outstanding and unique ensemble that was emblematic of the swing era.---Dan Morgenstern, Director, Institute of Jazz Studies, Rutgers University, and author of *Living with Jazz*We were more popular than Benny Goodman! We were the first black band that played the Paramount Theater, downtown New York. Not Duke Ellington, not Count Basie. Six weeks in a row, four or five shows daily, and it was packed every day, people lining up around the corner constantly! We could outdraw any band in the country.---Gerald WilsonJimmie Lunceford was a key swing-era figure, and no book covers his biography and music like this one does. Grounded in years of research and inspired by the writers love of his subject, the book fills a critical gap in the jazz literature and will be essential reading for all swing aficionados.---Jeffrey Magee, Associate Professor of Musicology, University of Illinois, Urbana-Champaign, and author of *The Uncrowned King of Swing: Fletcher Henderson and Big Band Jazz*It was Jimmie Lunceford and his orchestra that inspired me to become a musician. I was eleven years old at the time. When I heard that band play I said to myself, Thats for me. I want to become a musician. I still get inspired when I listen to some of their recordings. The Jimmie Lunceford Orchestra is one of the great jazz orchestras of all time.---Horace SilverJimmie Lunceford has the best of all bands. Duke is great, Basie is remarkable, but Lunceford tops them both.---Glenn MillerIn the 1930s, swing music reigned, and the Jimmie Lunceford Orchestra was the hottest and hippest attraction on the black dance circuits. Known for its impeccable appearance and infectious rhythms, Luncefords group was able to out-swing and outdraw any band. For ten consecutive years, they were the best-loved attraction at Harlems famed Apollo Theater. The groups hit recordings sold in the hundreds of thousands, and Jimmie Luncefords band rivaled Ellingtons for popularity in the African American community.Jimmie Lunceford was also an innovator, elevating big-band showmanship to an art and introducing such novel instruments as the electric guitar and bass. The bands arrangements, written by Sy Oliver, Edwin Wilcox, Gerald Wilson, Billy Moore, Jr., and Tadd Dameron, were daring and forward looking, influencing generations of big-band writers.Rhythm Is Our Business traces the development of the Jimmie Lunceford Orchestra from its infant days as a high school band in Memphis to its record-breaking tours across the United States, Canada, and Europe. The book also unveils Luncefords romantic yet ill-fated involvement with Yolande Du Bois, daughter of famous writer and opinion leader W.E.B. Du Bois. And by reconstructing Luncefords last day, the book offers a glimpse into the mysteries surrounding the leaders untimely death. This is essential reading for anyone interested in the history and legacy of swing.Eddy Determeyer has been a freelance music journalist for more than three decades. In 1984 Determeyer wrote a seven-part series on Jimmie Lunceford for the Dutch magazine *Jazz Nu*. Determeyer has written thousands of articles on music for a variety of Dutch publications and is the author of several books. He currently produces the *Holiday for Hipsters* radio show for Dutch station *Concertzender*.Cover image: Lunceford brass section, ca. late 1936.
