

The classic study of historical and then-emerging ways in which the U.S. Constitution has been interpreted and applied, especially as regards judicial power to review congressional acts, sharing of power between states and the federal government, Lochnerism, changes to the Supreme Court during the Roosevelt years, taxing power, and interstate commerce. Presented by Quid Pro Books as part of the Legal Legends Series, the ebook features quality formatting, hyperaccurate proofreading from the original source, linked notes, active Contents, and the original and helpful Foreword by Paul Freund. The original Index is retained, and its page numbers even link to the exact page in the book for that entry. The new digital edition also includes new Notes of the Series Editor by Steven Alan Childress, J.D., Ph.D., a senior law professor at Tulane. Powell presented this material first as lectures at Columbia Law School, and their enduring nature and historical insider-ness makes them of current interest to law professors and students, historians, and political scientists who see constitutional structure, and not only rights and liberties, as crucial to understanding U.S. government, the federal-state balance, and the infusion of government into economic life. Powell was valued not only in law but also taught political science; he edited political journals, seeing pragmatic approaches to constitutional questions that went beyond legal doctrine. His writing style is pithy, witty, and straightforward. Summing up a career of constitutional scholarship in six insightful lectures, Powell turned the resulting book into his legacy. Quid Pros Legal Legends Series also features new ebooks and paperbacks of classic works from Holmes, Pound, Cardozo, J.C. Gray, Karl Llewellyn, and Woodrow Wilson. They are explained and introduced by contemporary legal scholars such as Stewart Macaulay of Wisconsin and Andrew Kaufman of Harvard. All are formatted properly and proofread with care and attention to detail--not just scanned and forgotten like most such digital reproductions today.

Letters of Geerhardus Vos, Trafficking in Persons Report 2012 Comoros, Key Stage 3 National Tests Practice Papers: Science, Digital Photos from Concept to Completion: Learn by Video, Poems of Truth and Meditations,
